Education

Tech Talent South
Scholarship Recipient
Fall 2014 Graduate

Univ. of NC at Charlotte
BA in Architecture
Spring 2007 Graduate

Skills

Web design and development with extensive use of HTML, CSS, Twitter-Bootstrap and the Adobe Creative Suite. Thorough use of Ruby on Rails and CMS frameworks as needed, as well as Javascript, jQuery, SQL and various testing frameworks. Other strengths include customer service, management, curriculum development, inventory and human resources.

Experience

Web Designer & Developer, Handstand Media - Dec 2014 to present

Connect small businesses with their internet potential by designing and building websites, using HTML, CSS, Javascript, Twitter-Bootstrap, Ruby on Rails and the Adobe Creative Suite.

Instructor, Tech Talent South (TTS) Code Bootcamp — Dec 2014 to present

Passionately teach a full-time code immersion course to adults, with emphasis on Ruby, Rails, the CLI, and front-end development topics, such as HTML, CSS, and Javascript. Guide students through the build of multiple MVPs, from wire framing to prototyping, to development and deployment. Create curriculum and build sample applications to demonstrate construction of application development.

Intern, Klickpush LLC — December 2014, April to May 2015

Wrote Ruby code and tests to build middleware that connects the existing Klickpush product to various REST and SOAP API of email service providers. Used existing documentation to establish the best approach and to develop a system of implementation for future developers.

Board Member, empowerMUSE - April 2015 to present

empowerMUSE is a non-profit devoted to driving the empowerment of women through self-direction and action. As a board member, I consult on matters relating to technology, social media, and copy.

Curator & Director, TheLavenderLunchbox.com — August 2013 to present

Curated concept and developed website from scratch to launch. Write, photograph and cook original recipes to share with a consistent following of over 200 viewers. Catalyze community conversations via vegan community outreach and recipe development.

Bartender, Pinky's Westside Grill — May 2014 to present

Pour drinks and serve food at one of Charlotte's favorite institutions. Offered position as Assistant Manager, but declined due to pursuit of programming education.

General Manager, Luna's Living Kitchen — August 2012 to May 2014

Created and implemented hiring procedures and new-employee training standards. Increased sales by 400% by developing best-selling dishes, lowering labor costs, and strategic work delegation. Lowered Cost of Goods by establishing new vendor relationships and fine-tuning inventory management. (Advanced from Assistant GM)
